**FREEMAN LAW FIRM, INC.**  
1107 ½ Tacoma Avenue South  
Tacoma, WA 98042  
(253) 383-4500 - (253) 383-4501 (fax)

1           2.       I am the President of Battleship Stance Inc. (“Battleship”), a leading intellectual  
2 property management and anti-piracy enforcement company. Our clients include award winning  
3 news, mainstream, and adult entertainment studios including Plaintiff.

4           3.       Battleship is retained by some of the world’s largest intellectual property rights  
5 owners to provide intellectual property management, anti-piracy, and support services.

6           4.       I have been in the business of legal adult entertainment production (both on and  
7 off the Internet), marketing, and management at technical and executive level for over fifteen (15)  
8 years, serving for over six (6) years as President of a company that owned and licensed one of the  
9 world’s largest libraries of niche specific erotic images, Falcon.

10          5.       For over a decade and at the dawn of the Internet, Falcon was the leading supplier  
11 of niche content to the print publications and internet web sites. Our clients included popular  
12 Larry Flynt Publications to highly specific niche publications including Club Asian, Oriental  
13 Women, and Asian Beauties.

14          6.       Based upon my work for Falcon and as the former owner of domains such as  
15 erotica.com, I am familiar with both the adult entertainment industry and the business of sale of  
16 adult entertainment on the Internet and niche content on the Internet.

17          7.       I am a graduate of the FBI and DEA Citizens Academy and a member of  
18 InfraGard. I have received advanced training by both agencies that in turn have furthered my  
19 ability to assist seeking out and defining operations and pirate enterprises. My efforts have been  
20 acknowledged with awards from State of California Senate, the FBI, DEA, and Los Angeles  
21 Sheriff’s Department as a few examples.

22          8.       I have served as a consultant to Fortune 100 companies including Microsoft  
23 Corporation for the rollout of several versions of Windows Media and in the development and  
24 roll out of their Digital Rights Management technology and Akamai Technologies among others.

1           9. Akamai Technologies, Inc. is a global content delivery network, cybersecurity,  
2 and cloud service company, providing web and Internet security services. Akamai's Edge  
3 Platform is one of the world's largest distributed computing platforms.

4           10. At Akamai Technologies, my role was to serve as a consultant and liaison between  
5 the executive, sales, network and operations teams and the adult entertainment sector. As adult  
6 content was, at the time, and arguably still is the most viewed content on the internet, Akamai  
7 wanted to deliver the bandwidth and provide content delivery (CDN) services for the adult sector  
8 at the same level and same speed they did clients CNN and Yahoo!. With our collective  
9 understanding of network operations and my understanding of the needs of content delivery in  
10 the adult sector we created a global network map that site owners could leverage based on where  
11 they wanted to target. Though the entire map could service the world, site operators map out and  
12 only paid for the portions they needed to use. Simply because you don't pay for servers you don't  
13 foresee using.

14           11. As an experienced executive within the adult entertainment industry, I have been  
15 featured and quoted in publications including Newsweek, BusinessWeek, USA Today, Wired,  
16 and the Washington Post and frequently am requested to speak on panels and at seminars at  
17 industry events on various industry related topics and trends including anti-piracy.

18           12. Japanese erotica is a significant niche in the U.S. market with high demand. For  
19 instance, on Pornhub.com, the most popular adult entertainment web site in the world, Japanese  
20 content stood at the top of most searched content in 2018 and in the top 3 in 2017, and numbers  
21 two and four in the United States in 2019. I found these statistics on  
22 <https://www.pornhub.com/insights/women-of-the-world>, and  
23 <https://www.pornhub.com/insights/2019-year-in-review>.

24           13. Japanese erotica popularity equates to the potential to earn significant money in  
25 the U.S. market. It also raises the probability of piracy of Japanese content.

1           14.     Web sites displaying copyrighted works without authorization earn money by  
2 selling advertising space on the web site. The higher quality and higher quantity of the videos  
3 displayed on the video streaming sites, the more advertising revenue will be generated.

4           15.     The higher the quality and true to the niche a film or image is, the more desirable  
5 and valuable the content. This is very important with Japanese content. Japanese models are  
6 expensive, with 100% Japanese models highly sought after. Where a United States model may  
7 be compensated \$500 for a shoot, it is not uncommon to pay \$10,000 for the same shoot with a  
8 Japanese model. Similar to fans of sports, fans of Japanese content know their favorite models.

9           16.     Advertising revenue in the U.S. is among the highest in the world, so generating  
10 viewers in the U.S. for these videos streaming sites is important.

11           17.     Battleship Stance Inc. was retained by Will Co. Ltd. to investigate copyright  
12 violations and assist in enforcing its intellectual property rights.

13           18.     As a part of my duties to Will Co. Ltd., I investigated the web site Avgle.com. In  
14 doing so, I have located over 200 works owned by Will Co. that are displayed on Avgle.com  
15 without license or authority. I identified 50 of those, found on 167 separate and distinct avgle.com  
16 Uniform Resource Locators (URLs, the unique address of each page displayed on the Internet) to  
17 have registered United States copyrights.

18           19.     Through subpoenas, we discovered Kam Keung Fung (“Fung”) and Fellow Shine  
19 Group Limited (“FSG”) are owners or operators of Avgle.com. Fung is listed as an administrative  
20 contact and payor on vendor accounts utilized for the operation of Avgle.com, including  
21 Cloudflare and Tiger Media. FSG is also listed as a contact on the Tiger Media account.

22           20.     Based upon records provided by Tiger Media, revenue in excess of \$300,000 were  
23 derived from advertising on avgle.com, with at least \$100,000 paid through United States based  
24 PayPal, Inc.

1           21.     Avgle.com expressly provides for a video/content take-down procedure, stated to  
2 be consisted with the DCMA, referring to the Digital Millennium Copyright Act, which provides  
3 in part for take-down procedures for copyright infringement on web sites, providing protection of  
4 the site owner from liability.

5           22.     On behalf of Will Co., I supervised and submitted DMCA compliant take down  
6 notices sent to Avgle.com in April, May, June, and July 2020 pursuant to the procedures stated  
7 on the Avgle.com web site. Will Co's movies were not removed from Avgle.com after I sent the  
8 takedown notices.

9           23.     The majority of the web site is in Japanese. However, such does not indicate sole  
10 intention to market to Japan. Maintaining the Japanese language on the site is consistent with the  
11 desire of those participating in the niche market of Japanese erotica. The viewers/users of the  
12 niche desire an immersive experience in the Japanese experience, which includes most of the text  
13 on the site to be in Japanese.

14           24.     Pages of the Avgle.com are in English, including (1) Terms and Conditions; (2)  
15 Privacy Policy; (3) DMCA; (4) 2257; (5) Advertise; (6) Notice; (7) FAQ; and (8)  
16 Support/Feedback.

17           25.     Attached hereto as Exhibit A is a true and correct copy of the Terms and  
18 Conditions from Avgle.com.

19           26.     Attached hereto as Exhibit B is a true and correct copy of the Privacy Policy from  
20 Avgle.com.

21           27.     Attached hereto as Exhibit C is a true and correct copy of the DMCA page from  
22 Avgle.com.

23           28.     Attached hereto as Exhibit D is a true and correct copy of the 2257 page from  
24 Avgle.com.

29. Attached hereto as Exhibit E is a true and correct copy of the Advertise page from Avgle.com.

30. Attached hereto as Exhibit F is a true and correct copy of the Notice page from Avgle.com.

31. Attached hereto as Exhibit G is a true and correct copy of the FAQ page from Avgle.com.

32. Attached hereto as Exhibit H is a true and correct copy of the Support/Feedback page from Avgle.com.

33. In addition, categories of content on Avgle.com is in English, including “Videos,” “Dating,” “VR,” “Categories,” “Live Sex,” and “R18 Games” are all presented in English.

34. These pages page details Information on how Avgle.com works and how one can earn money on Avgle.com.

35. Several of these pages are specific to only the United States.

36. The “DMCA” page expressly refers to the Digital Millennium Copyright Act, a statutory scheme governing copyright infringement liability and safe harbors applicable only in the U.S. I am familiar with this United States code as it dictates the form of takedown notices to send to internet service providers, which is a service provided by Battleship Stance.

37. The “2257” page expressly refers to 18 U.S.C. § 2257, which imposes in part certain and specific records keeping requirements regarding models used in online adult entertainment. Through my work for Falcon and Battleship Stance I am very familiar with § 2257 requirements and that the Federal Bureau of Investigations investigates compliance with these record keeping requirements. Such is to, in part, ensure that underage models are not used in production of online adult entertainment content.

38. Defendants also refer to § 2257 in the various video upload options available on Avgle.com., including on the site and through Facebook and Telegram. In each instance, the uploader is informed they could be requested to produce § 2257 records upon request. Attached here to as Exhibit I is a true and correct copy of the Avgle.com page regarding video uploads directly to the web site. Attached here to as Exhibit J is a true and correct copy of the Avgle.com page regarding video uploads via Facebook. Attached here to as Exhibit K is a true and correct copy of the Avgle.com page regarding video uploads via Telegram.

39. The “Advertise” page provides links to information relevant to a decision to enter into an affiliate relationship with Avgle.com, including relevant Internet traffic statistics for the web site – all presented in English.

40. Avgle.com origin server is hosted on a server in the Netherlands. Avgle.com is also served to viewers via a content delivery network (CDN), Cloudflare, Inc. Attached hereto as Exhibit L is a true and correct copy of DomainTools look up, a known and accepted Internet tool, which shows Avgle.com being displayed to the United States through Cloudflare.

41. Cached edge delivery in the United States is one of the services provided by Cloudflare for Avgle.com.

42. A CDN is used to deliver content over the Internet in a fast and efficient manner when the originating servers (where the web site is hosted) is far away. It is a highly-distributed platform of servers that helps minimize delays in loading web page content by reducing the physical distance between the server and the user. This helps users around the world view the same high-quality content without slow loading times.

43. The CDN server is geographically local to the intended audience. Speed is everything to end users seeking video on the Internet. The closer the content to the end user, the faster and more efficient the content can be delivered.

1           44.     CDN design and server locations are not accidental, but rather specific choices to  
2 serve specific audiences in an efficient manner.

3           45.     Cached edge delivery reduces the number of requests to an origin server by serving  
4 static content from a Cloudflare data center. It's a Content Delivery Network that can serve  
5 content from the edges of the internet. The benefit of cached edge delivery is speed of delivery of  
6 content. By caching web site content on servers closest to the end users, Cloudflare helps improve  
7 load speeds to end users. Speed and quality is everything in an online experience. Whether  
8 Cloudflare caches static content depends on where visitors come from, which Cloudflare data  
9 center is reached, and how often visitors request a resource or data at a specific center. This  
10 information is located at [https://support.cloudflare.com/hc/en-us/articles/200172516-](https://support.cloudflare.com/hc/en-us/articles/200172516-Understanding-Cloudflare-s-CDN)  
11 [Understanding-Cloudflare-s-CDN](https://support.cloudflare.com/hc/en-us/articles/200172516-Understanding-Cloudflare-s-CDN).

12           46.     I am aware that it is claimed avgle.com utilizes Cloudflare to assist with the  
13 delivery of web pages and videos in all countries throughout the world. I investigated this claim.  
14 I used an Internet site, [www.whatsmycdn.com](http://www.whatsmycdn.com), and inputted avgle.com. The results indicated that  
15 the Cloudflare CDNs provide server only in Asia and North America. Attached hereto as Exhibit  
16 M is a true and correct copy of the results I obtained.

17           47.     Generally speaking, Internet companies build CDN network maps based upon  
18 need. Each server used in a network map costs money. In the past, in concert with the Founder  
19 of Akamai Technologies Danny Lewin, we did network map plotting, including for CDNs to  
20 enhance site speed through edge delivery for companies including Playboy Entertainment,  
21 Hustler, Danni's Hard Drive (DHD Media), Vivid Video, CyberErotica, and Wicked Pictures.

22           48.     It makes no sense to pay for CDN servers in locations that are not regularly being  
23 hit by traffic. For instance, a company would not map for servers targeting India unless the  
24 company wanted to speed up and serve India at a better rate.

1           49. Pursuant to subpoena, Cloudflare produced records regarding the account and  
2 services with Avgle.com. I was provided copies of these records for investigation and analysis.

3           50. The Cloudflare records included a record of all logins to the account, including the  
4 date of the login, the IP address from which the login occurred, and the recorded purpose of the  
5 login.

6           51. I went through the records and looked up each IP address recorded for each login,  
7 to determine where in the world the IP address was located. An IP address stands for internet  
8 protocol address; it is an identifying number that is associated with a specific computer or  
9 computer network. When connected to the internet, the IP address allows the computers to send  
10 and receive information, per <https://www.investopedia.com/terms/i/ip-address.asp>.

11           52. I first learned how to hand map the geographic locations of IP Addresses as a  
12 consultant for Quova Technologies. They are the world leader in hand mapping IP addresses.  
13 Quova (Neustar's IP Intelligence) provides IP intelligence data, internet geolocation audits,  
14 history, and internet protocol address profiling which contains detailed demographic and network  
15 characteristics. This information helps companies like American Express prevent fraud in online  
16 commerce, regulate content to stay compliant, localize content and more precisely analyze  
17 Internet traffic. This information also helps websites and advertisers make smarter decisions about  
18 who and where to advertise. If you know where on the planet the bulk of your end users are  
19 coming from you can sell them products and services they like. Companies don't put billboards  
20 on low traffic streets. Rolls Royce would not advertise in low-income areas, same logic applies  
21 on the internet.

22           53. An IP address allows computers to send and receive data over the internet. Most  
23 IP addresses are purely numerical, but as internet usage grows, letters have been added to some  
24 addresses.

1           54. IP addresses are assigned to specific server or server banks. Thus, each IP address  
2 is expressly associated with a specific geographical location.

3           55. I was able to hand map the IP addresses identified in Cloudflare production using  
4 various online forensic tools including American Registry for Internet Numbers (arin.net),  
5 IP2Location, and Neustar Ultra Tools from Neustar, Inc.

6           56. Between 2017 and 2020, the avgle.com account was managed from United States  
7 IP addresses on 616 occasions, including 150 times from the State of Washington State in 2018  
8 and 2019.

9           57. One user identification, No. 6062538, is specifically associated in the account  
10 records with Fung. Using that login ID, 17 changes were made to the Cloudflare account between  
11 2017 and 2020. Two of those logins were from IP Addresses in the United States, Los Angeles,  
12 California, and Cheyenne, Wyoming.

13           58. Attached hereto as Exhibit N is a spreadsheet with data extracted from the  
14 Cloudflare spreadsheets regarding Avgle.com, along with the results of my research of the  
15 location of IP addresses. I have highlighted several entries for Id. No. 6062538 as examples.

16           59. Changes to a CDN are made when the site operators are looking to modify how  
17 the site operates to optimize an experience for end users.

18           60. That United States IP addresses were used to login to the Avgle.com Cloudflare  
19 account may or may not mean that the operator was in the United States at the time of the action.  
20 The operator could have used a Virtual Private Network (VPN), which allows the user to choose  
21 IP addresses from anywhere in the world, thus disguising the users' actual location.

22           61. Login to a CDN account from United States IP addresses is an indication that the  
23 operator was testing the site performance in the United States and made adjustments for purposes  
24 of performance in the United States for United States based users.

25           62. Avgle.com earns money from the sale of advertisement space on the site.

63. The owners and operators of the site contract with ad broker Tiger Media (a.k.a. Juicy Ads). Tiger Media is headquartered in Canada and operates servers located in the U.S. All advertisements displayed to end users are displayed from those United States servers.

64. Advertising on avgle.com is geo-targeted to United States viewers.

65. Geo-targeting means that when a viewer is known to be from the United States from the users IP address, advertisements for United States vendors or providers are displayed to the viewer.

66. Records were received from Tiger Media, which I was provided. These records show that Defendants earned \$300,000 from ads through Tiger Media, including approximately \$100,000 paid through U.S. based PayPal, Inc.

67. There are clearly United States vendors that advertise on Avgle.com, including Multi Media, d/b/a Chaturbate, a California based company.

68. Geo-targeted ads are *not* displayed for all viewers of avgle.com regardless of location in the world. I got onto the Avgle.com site using a VPN, changing the location of my IP address to various countries. Based on my investigation of six countries, there are no geo-targeted ads in France, Taiwan, Australia, Canada, or Germany. There were/are geo-targeted ads in the United States.

69. From April 2020 through June 2020, the U.S. was the fifth largest viewer base for the avgle.com site, making up 7.32% of the site's viewers (trailing Japan at 43.51%, Taiwan at 9.89%, Korea at 8.49%, and Hong Kong at 7.61%). Attached hereto as Exhibit O is true and correct copy of a web site analysis obtained from SimilarWeb, an industry accepted tracking of web sites.

70. According to statistics utilized by avgle.com, U.S. is currently the third largest viewer base at 8.1% of the viewer base. Attached hereto as Exhibit P is a true and correct copy of Histats.com statistics from the avgle.com web site from July 2020 to January 2021.

1  
2 I declare under the penalty of perjury under the laws of the United States of America that  
3 the foregoing is true and correct.

4 Execute on the 25<sup>th</sup> day of January, 2021 at Scottsdale, Arizona.

## Limited, Conditional License to Use Our Intellectual Property

Avgle and our associated logos and names are our trademarks and/or service marks. Other trademarks, service marks, names and logos used on or through the Website, such as trademarks, service marks, names

or logos associated with third party Content providers, are the trademarks, service marks or logos of their respective owners. You are granted no right or license with respect to any of the aforesaid trademarks, service marks or logos.

The inclusion of images or text containing the trademarks or service marks or the name or likeness of any person, including any celebrity, does not constitute an endorsement, express or implied, by any such person, of the Website or vice versa.

The Website and certain materials available on or through the Website are content we own, authored, created, purchased, or licensed (collectively, our "**Works**"). Our Works may be protected by copyright, trademark, patent, trade secret and/or other laws, and we reserve and retain all rights in our Works and the Website.

We hereby grant you a conditional, royalty-free, limited, revocable, non-sublicensable, and non-exclusive license to access our our Website and Works solely for your personal use in connection with using the Website.

We grant you a conditional and limited license to access, view and display Website and Works, and to create and display transient copies of the Website and Works as necessary to view them, conditioned upon your agreement to display the Website whole and intact as presented by the Website host, complete with any advertising, to not interfere with the display of any advertising, and to not use ad blocking software of any kind. This limited license is further conditioned upon your agreement not to use any information obtained from or through the Website to block or interfere with the display of any advertising on the Website, or for the purpose of implementing, modifying or updating any software or filter lists that block or interfere with the display of any advertising on the Website. Interference with the display of any advertising on the Website, use of ad blocking software to block or disable any advertising while viewing the Website, or use of information obtained from or through the Website to update any ad blocking software or filter lists, is prohibited, violates the conditions of your limited license to view the Website and Works and constitutes copyright infringement.

You may not otherwise reproduce, distribute, communicate to the public, make available, adapt, publicly perform, link to, or publicly display the Website and Works or any adaptations thereof unless expressly set forth herein. Such conduct would exceed the scope of your license and constitute copyright infringement.

The Website provides an "Embeddable Player" feature, which you may incorporate into your own websites for use in accessing the Content on the Website. You may not modify, build upon or block any portion or functionality of the Embeddable Player in any way, including but not limited to links back to the Website.

The above described license is conditioned on your compliance with these Terms of Service, including, specifically, your agreement to view the Website whole and intact as presented by the website host, complete with any advertising, and shall terminate upon termination of these Terms of Service. If you breach any provision of these Terms of Service, any license you have obtained will be automatically rescinded and terminated. In order to protect our rights some Content made available on the Website may be controlled by digital rights management technologies, which will restrict how you may use the Content. You must not circumvent, remove, delete, disable, alter or otherwise interfere with any digital rights management technology. Such conduct is prohibited by law.

If the Website allows you to download or otherwise copy our Works, you are not buying or being gifted copies thereof. Instead, you are licensing a limited, revocable, non-sublicensable, and non-exclusive right to possess and use the copies for personal, non-commercial use, subject to specific terms and conditions (the "**Download License**"). Under this Download License you may not thereafter reproduce, distribute, communicate to the public, make available, adapt, publicly perform, or publicly display the Website and Works or any adaptations thereof unless expressly set forth herein. Such conduct would exceed the scope of

your Download License and constitute copyright infringement. At the expiration of your Download License or the termination of these Terms of Service, you will delete or otherwise dispose of all copies of Works in your possession.

You shall be solely responsible for your own Content and the consequences of posting, uploading, publishing transmitting or otherwise making available your Content on the Website. You understand and acknowledge that you are responsible for any Content you submit or contribute, and you, not us, have full responsibility for such Content, including its legality, reliability, accuracy and appropriateness. We are not responsible, or liable to any third party, for the content or accuracy of any Content posted by you or any other user of the Website. We do not control Content you submit or contribute and we do not make any guarantee whatsoever related to Content submitted or contributed by users. Although we sometimes review Content submitted or contributed by users, we are not obligated to do so. Under no circumstances will we be liable or responsible in any way for any claim related to Content submitted or contributed by users.

You affirm, represent, and warrant that you own or have the necessary licenses, rights, consents, and permissions to publish Content you submit; and you license to the Website all patent, trademark, trade secret, copyright or other proprietary rights in and to such Content for publication on the Website pursuant to these Terms of Service.

You further agree that Content you submit to the Website will not contain third party copyrighted material, or material that is subject to other third party proprietary rights, unless you have permission from the rightful owner of the material or you are otherwise legally entitled to post the material and to grant to the Website all of the license rights granted herein.

For clarity, you retain all of your ownership rights in your Content. However, by submitting Content to the Website, you hereby grant the Website a worldwide, irrevocable, perpetual, non-exclusive, royalty-free, sublicenseable and transferable license to use, exploit, reproduce, distribute, prepare derivative works of, display, communicate, and perform the Content in connection with the Website's (and its successors' and affiliates') business, including without limitation for promoting and redistributing part or all of the Website (and derivative works thereof) in any media formats and through any media channels. You also waive to the full extent permitted by law any and all claims against us related to moral rights in the Content. In no circumstances will we be liable to you for any exploitation of any Content that you post. You also hereby grant each user of the Website a non-exclusive, royalty free license to access your Content through the Website, and to use, reproduce, distribute, display, communicate and perform such Content as permitted through the functionality of the Website and under these Terms of Service. The above licenses granted by you in video Content you submit to the Website terminate within a commercially reasonable time after you remove or delete your videos from the Website. You understand and agree, however, that the Website may retain, but not display, distribute, or perform, server copies of your videos that have been removed or deleted. The above licenses granted by you in user comments you submit are perpetual and irrevocable.

The Website does not endorse any Content submitted to it by any user or other licensor, or any opinion, recommendation, or advice expressed therein, and the Website expressly disclaims any and all liability in connection with Content. The Website does not permit copyright infringing activities and infringement of intellectual property rights on the Website, and the Website will remove all Content if properly notified that such Content infringes on another's intellectual property rights. The Website reserves the right to remove Content without prior notice.

All Content you submit must comply with the Content standards set out in these Terms of Service.

If any of the Content that you post to or through the Website contains ideas, suggestions, documents, and/or proposals to us, we will have no obligation of confidentiality, express or implied, with respect to such Content, and we shall be entitled to use, exploit or disclose (or choose not to use or disclose) such Content at our sole discretion without any obligation to you whatsoever (i.e., you will not be entitled to any compensation or reimbursement of any kind from us under any circumstances).

In the process of posting Content to the Website, you may be asked to provide some personally identifying information, such as your name, address, e-mail address, a password, and other documentation. You may also be asked to provide such information in order to use certain features of the Website.

We will keep a record of the information you provide, including your personally identifiable information. That information may be linked in our records to other information you provide, including Content. We will not provide your name or other personally identifying information to our advertisers or business partners without your permission. Please note that some of the information you provide in registering for and using the Website, including the name used in registering for and using the Website or other personally identifying information, may be displayed to other members of the Website, and may become public. In addition, we may disclose the personally identifying information and documentation you provide in some limited circumstances.

### Reporting Claims of Copyright Infringement

We take claims of copyright infringement seriously. We will respond to notices of alleged copyright infringement that comply with the Digital Millennium Copyright Act (the “**DMCA**”) or any other applicable intellectual property legislation or laws. Responses may include removing, blocking or disabling access to material claimed to be the subject of infringing activity, terminating the user’s access to [www.avgle.com](http://www.avgle.com) (<http://www.avgle.com>) (“**Avgle**”), or all of the foregoing.

If you believe any material accessible on Avgle infringes your copyright, you may submit a copyright infringement notification (see below, “Filing a DMCA Notice of Copyright Infringement” for instructions on filing such a notice). These requests should only be submitted by the copyright owner or an agent authorized to act on the owner’s behalf.

If we remove or disable access to material in response to such a notice, we will take reasonable steps to notify the user that uploaded the affected content material that we have removed or disabled access to so that the user has the opportunity to submit a counter notification (see below, “Counter-Notification Procedures” for instructions on filing a counter notification). It is our policy to document all notices of alleged infringement on which we act.

All copyright infringement notifications and counter-notifications must be written in English. Any attempted notifications written in foreign languages or using foreign characters may, at our discretion, be deemed non-compliant and disregarded.

### Filing a DMCA Notice of Copyright Infringement

If you choose to request removal of content by submitting an infringement notification, please remember that you are initiating a legal process. Do not make false claims. Misuse of this process may result in the suspension of your account or other legal consequences.

You may notify Avgle of alleged copyright infringement *via* email to [copyright@avgle.com](mailto:copyright@avgle.com) (<mailto:copyright@avgle.com>).

We accept free-form copyright infringement notifications. In that case, in accordance with the DMCA, the written notice (the “**DMCA Notice**”) must include substantially the following:

- Identification of the copyrighted work you believe to have been infringed or, if the claim involves multiple works, a representative list of such works.
- Identification of the material you believe to be infringing in a sufficiently precise manner to allow us to locate that material. If your complaint does not contain the specific URL of the video you believe infringes your rights, we may be unable to locate and remove it. General information about the video, such as a channel URL or username, is typically not adequate. Please include the URL(s) of the exact video(s).
- Adequate information by which we, and the uploader(s) of any video(s) you remove, can contact you (including your name, postal address, telephone number and, if available, e-mail address).

- EN • A statement that you have a good faith belief that use of the copyrighted material is not authorized by the copyright owner, its agent or the law..
- A statement that the information in the written notice is accurate, and under penalty of perjury, that you are the owner, or an agent authorized to act on behalf of the owner, of an exclusive right that is allegedly infringed.
  - Complete complaints require the physical or electronic signature of the copyright owner or a representative authorized to act on their behalf. To satisfy this requirement, you may type your full legal name to act as your signature at the bottom of your complaint.

*Please do not send other inquiries or requests to our designated copyright agent. Absent prior express permission, our designated copyright agent is not authorized to accept or waive service of formal legal process, and any agency relationship beyond that required to receive valid DMCA Notices or Counter-Notices (as defined below) is expressly disclaimed.*

If you fail to comply with all of the requirements of Section 512(c)(3) of the DMCA, your DMCA Notice may not be effective.

Please be aware that if you knowingly materially misrepresent that material or activity on Avgle is infringing your copyright, you may be held liable for damages (including costs and attorneys' fees) under Section 512(f) of the DMCA.

The copyright owner's name will be published on Avgle in place of disabled content. This will become part of the public record of your DMCA Notice, along with your description of the work(s) allegedly infringed. All the information provided in a DMCA Notice, the actual DMCA Notice (including your personal information), or both may be forwarded to the uploader of the allegedly infringing content. By submitting a DMCA Notice, you consent to having your information revealed in this way.

## Counter-Notification Procedures

If you have received a DMCA Notice and believe that material you posted on Avgle was removed or access to it was disabled by mistake or misidentification, you may file a counter-notification with us (a "**Counter-Notice**"). Counter notifications must be submitted by the video's original uploader or an agent authorized to act on their behalf.

Counter-notices must be sent to our designated agent:

- Email: [copyright@avgle.com](mailto:copyright@avgle.com) (mailto:copyright@avgle.com)

*Please do not send other inquiries or requests to our designated copyright agent. Absent prior express permission, our designated copyright agent is not authorized to accept or waive service of formal legal process, and any agency relationship beyond that required to receive valid DMCA Notices or Counter-Notices (as defined below) is expressly disclaimed.*

Pursuant to the DMCA, the Counter-Notice must include substantially the following:

- Your name, address, phone number and physical or electronic signature;
- Identification of the allegedly infringing content and its location before removal or access to it was disabled;
- A statement under penalty of perjury that you believe in good faith that the content was removed by mistake or misidentification; and
- A statement that you consent to the jurisdiction of the U.S. Federal District Court for the judicial district in which you are located (or if you are outside the U.S., for any judicial district in which the operator of Avgle may be found), and that you will accept service of process from the person who originally provided us with the DMCA Notice or an agent of such person.

We will not respond to counter notifications that do not meet the requirements above. [Sign Up \(/signup\)](#) [Login](#)

After we receive your Counter Notice, we will forward it to the party who submitted the original DMCA Notice and inform that party that the removed material may be restored after 10 business days but no later than 14 business days from the date we received your Counter Notice, unless our Designated Agent first receives notice from the party who filed the original DMCA Notice informing us that such party has filed a court action to restrain you from engaging in infringing activity related to the material in question.

Please note that when we forward your Counter Notice, it will include your personal information. By submitting a counter notification, you consent to having your information revealed in this way. We will not forward the counter notification to any party other than the original claimant or to law enforcement or parties that assist us with enforcing and protecting our rights.

Please be aware that if you knowingly materially misrepresent that material or activity on Avgle was removed or disabled by mistake or misidentification, you may be held liable for damages (including costs and attorneys' fees) under Section 512(f) of the DMCA.

## Repeat Infringers

In accordance with the DMCA and other applicable law, we have adopted a policy of terminating or disabling, in appropriate circumstances and at our sole discretion, the accounts of users who are deemed to be repeat infringers. We may also at our sole discretion limit access to Avgle, terminate or disable the accounts of any users who infringe any intellectual property rights of others, whether or not there is any repeat infringement.
